

Your specialist low cost bulk supplier of fresh produce packaging

product catalogue 2013-2014

allpak solutions is the market leader in providing high quality low cost fresh food packaging solutions. We have an extensive range of shelf ready, fruit and meat packaging products. We provide specific products for fresh food producers such as orchardists, fruit packing operations, vegetable growers and meat packing operations. Additionally, we can also help you develop custom packaging solutions.

We pride ourselves on providing fast personal service. Importantly for you we have been manufacturing and selling packaging products for more than 60 years. When you deal us you can have confidence that we have robust quality assurance measures and supply chains in place. In fact we own our own freight company, Visy Logistics which provides freight solutions globally!

Why should you deal with AllPak Solutions?

- ✓ You can have confidence that you are dealing with a company that is part of one of the biggest privately owned packaging companies in the world being part of the Visy Industries group of companies but at the same time we maintain a small company service ethos.
- ✓ Whether you are a big or small customer you are important to us.
- ✓ We deliver high quality low cost fresh food packaging products to you first time, every time and always on time!
